Responsive Web Design

## Soft Skills

Adaptability
Problem Solving

## Achievements

**Masai Speaking Marathon** 🔗
*Masai School*
Communication Development

## Certifications

**Construct Week Project** 🔗
*Masai School*
Collaborative project for Industry experience.

# Ashwani Kumar
**Full Stack Web Developer**

## Professional Summary

Dynamic Full Stack Web Developer adept in MERN stack with strong expertise in JavaScript and efficient server-side API design. Demonstrates excellent problem-solving and collaboration skills and a Quick learner of new technologies to ensure code quality and innovation.

## Projects

### Easy Buy and Sell (e-commers)
Live Demo Link | Github Repo Link

React  Redux  Firebase

- Implemented Redux for efficient state management and enhanced login/signup authentication.
- Designed and facilitated collaborative workflows using GitHub for seamless team interaction.

### Algorithm Visualizer
Live Demo Link | Github Repo Link

JavaScript  HTML5  CSS3  GitHub  React  Git

- Designed and implemented stack and queue data structures to enhance the usability of the Algorithm Visualizer.
- Developed a responsive landing page and interactive hamburger menu using JavaScript to improve user interface and experience.
- Facilitated team collaboration by effectively assigning tasks and managing code merges on GitHub.
- Ensured seamless integration of front-end components, enhancing the visual representation of algorithms.

## Experience

**Optim Hire Inc.** | Information Technology Recruiter | August 2023 – April 2024

- Gained proficiency in mapping candidate skills to specific technical requirements, which translates well into understanding project requirements.
- Enhanced problem-solving skills by sourcing and matching candidates to roles, a valuable skill in web development troubleshooting.

**Renflux Solution Pvt Ltd** | Technical Recruiter | April 2022 – January 2023

- Providing staffing services for United States-based organizations. Taking screening calls and shortlisting candidates for the technical round.

**DVS Industries (MM Forging)** | Maintenance Engineer | June 2018 – May January

- Ensured seamless operation and preventive maintenance of CNC, VMC, and grinding machinery by implementing effective schedules.
- Enhanced overall equipment efficiency by identifying and implementing innovative maintenance techniques and solutions.
- Successfully reduced downtime through proactive identification and rectification of mechanical issues, demonstrating proactive and self-motivated attitude.
